The Jane Carter Solution Proudly Launches Its Natural Hair Care Product Line in Target Stores Across the United States

South Orange, NJ, March 29, 2010 – The Jane Carter Solution is proud to announce that on March 28th, their products are now available at 233 Target stores around the United States. Target will be featuring Moisture Nourishing Shampoo, Nutrient Replenishing Conditioner, Revitalizing Leave-In Conditioner, Scalp Nourishing Serum, Wrap & Roll, plus their #1 best selling product, Nourish and Shine.

Jane Carter, founder of The Jane Carter Solution, is clearly delighted at the prospect of offering her products in neighborhood Target stores, saying “being sold in Target is a great opportunity allowing us to make our wonderful products available to a larger demographic.” Created from an array of simple, natural ingredients and organic essential oils that work on every hair type and texture regardless of ethnicity, these products have garnered wide popular appeal and a strong multi-cultural following.

Jane Carter, a stylist and salon owner, began developing Jane Carter Solution over 10 years ago in response to an allergic reaction caused by the chemicals in traditional hair care products. Frustrated with the lack of non-chemical choices, Jane decided to formulate her own hair care line using only natural ingredients. A well-recognized authority on hair care, and a frequent guest at industry, charitable and entertainment events, Jane is an enthusiastic supporter of grassroots initiatives and is committed to the protection, growth, and

About The Jane Carter Solution

Jane Carter, a stylist and salon owner, founded the Jane Carter Solution over 10 years ago in response to an allergic reaction caused by the chemicals in traditional hair care products. Frustrated with the lack of non-chemical choices, Jane decided to formulate her own hair care line specifically compounded for dry hair and using only natural ingredients. Jane Carter Solution products are widely distributed in salons and are available at Whole Foods, Vitamin Shoppe, Earth Fare and Ricky's NYC. A well-recognized authority on hair care, and a frequent guest at industry, charitable and entertainment events, Jane is an enthusiastic supporter of grassroots initiatives and is committed to the protection, growth, and development of global communities in need.
