Jane Carter Hair Products

08.09.2009 by Gari in Hair Care

The Jane Carter Solution line is a collection of healthy homespun hair care products. These products are specially designed for hair that is dry because it is natural, (thus more porous) as well as hair that has been chemically treated. This product line uses naturally- based, superior ingredients such as shea butter and vitamins. These natural ingredients give extraordinary results contributing to beautiful, healthy hair and a healthy scalp.

Jane Carter Hair Products

The Jane Carter Solution can complete your entire hair regimen from shampoo to style. The products include:

- Moisture Nourishing Shampoo
Nutrient Replenishing Conditioner
Revitalizing Leave-IN Conditioner
Condition and Sculpt
Natural Hold Spray gel
Twist and Lock
Wrap and Roll
Hair Nourishing Cream
Hair Nourishing Serum
Nourish & Shine
Scalp Nourishing Serum
Scalp renew

If you are working with natural tresses, but often opt for a straight look, conditioning is essential. Begin with a product like the Moisture Nourishing Shampoo.

Always follow every shampoo with a conditioning treatment. Opt for a deep conditioning treatment by applying a product like The Jane Carter Solution's Nutrient Replenishing Conditioner to the hair while wet. Then place a plastic cap over your hair. Sit under a hooded dryer for approximately 15 minutes or until conditioner has penetrated the hair.

The Jane Carter Solution's Nutrient Replenishing Conditioner works especially well when used with heat, it leaves the hair in better condition than ever before. This product contains ingredients that permanently bond to hair's cortex, leaving it stronger with more elasticity. Increased elasticity is essential when blow drying natural hair. This can prevent hair strands from popping as they are straightened.

I am aiming for 3 if my husbandy and I r happy with it I will leave it the way it is. My hair is extremely dry and although Dudleys hair moisture retainer is good it is hard to find. I find Mizani greasy.
