Compare Prices on Body Butter Tin by LUSH

Keeping your Body Butters in the shower can turn out a little, well, melty. Keep your bars in these tins to ensure they don't melt down the drain. You get one tin free for every two Body Butters you buy, and since we all need at least four Body Butters (one with exfoliation, one without, one for the hands and one for the feet) this shouldn't be a problem.

- Amazon Sales Rank: #11939 in Beauty
- Brand: LUSH Cosmetics
- Dimensions: .69 pounds

Features

- Great for protecting and storing your body butters
- Extends the life of your body butters

Lush's most versatile tin★★★★★

Although molded to fit the exact proportions of Lush's body butters, this is truly an all-purpose tin: I use it for solid shampoos, soap slices, facial cleansers, bubble bars, and body butters (obviously). Great for travel — durable and waterproof. When I'm not traveling, I use each side as a shower tray/dish to keep the products from leaving residue on the tub. The tin's lid may be a bit difficult to remove if your hands are wet, so be sure to un-snap the lid before getting in the shower.

This is Lush's most versatile tin. If you need a good-sized travel container (that doubles as a shower dish) for any of your Lush products, this is it!

Great storage★★★★★

Purchased 2 body butter tins to store 2 lush shampoo bars last month. Works great with the shampoo bars. Easy to open, easy to remove the shampoo bars, & easy to store in my shower without letting water in. The result = my shampoo bars are lasting very well & are still in solid form. Packed one of my shampoo bars & took with me to NOLA last month & was very happy with how light weight & easily stored in my luggage this tin + shampoo bar was. Wish lush would make tins to store their soaps in also. Would suggest this tin to anyone purchasing shampoo bar or body butter. It's a wonderful product !

Lush★★★★★

It's all in the name but of course this is just the tin but great for travel.

Customer Reviews:

Love this!★★★★★

I bought two bottles of this. I wish the lotion was still available. It has always been my favorite Bath and Body Works product.

My favorite★★★★★

I have been a fan of this particular fragrance from Bath & Body Works since I discovered it several years ago. For a while, I could only find it during the 75% off sale after it was discontinued, but it apparently has been brought back for online sale as one of its "classics." I can't recommend it enough... the fragrance is extremely fresh and not the least bit overwhelming. It has an exotic but classic floral scent with just a hint of the myrrh so it isn't overwhelmingly sweet. When I find it, I stock up about three of each; the lotion and the body wash. If you purchase it, I think you will be pleased.

Manly Fragrance★★★★★

I have been a user of the Yves Saint Laurent Pour Homme fragrance for the past 6 years. I continue to try new ones as they are released to the market but so many to me are EXACTLY the SAME!!!! YSL PH is unique. It has a manly fragrance without being to sweet.

Have you ever tried the little strips that come in the newspaper or magazines. Tell me has anyone ever smelled something DIFFERENT I think they have one stock fragrance they use for magazines. One for Men and the other for women.

If your looking for something manly, with a nice aroma give YSL PH a try. You will not be disappointed.

MR★★★★★

Customer Reviews:

Ultra Violet Eau de Parfum★★★★★

The only scent I have been using since I discovered it when it first came out. Beautiful!

One of my Favorite fragrances!★★★★★

I love this fragrance. It's fairly elegant, but can still be used daily if that's what one desires. It's a rather sweet scent but still has sophistication. I highly recommend this product.

Simply the best!★★★★★

This is the best parfum ever! My girlfriend is using it, and it's making my knees tremble. It smells fantastic, and many women have asked her what kind of perfume she uses. Unfortunately we can't get Ultraviolet in Norway. I thank heaven for amazon.com!
Regards, Morten

Customer Reviews:

Love Liss!★★★★★

I have coarse curly hair and this conditioner is strong enough to make it feel silky without being too heavy. 😊

LOVE this product line★★★★★

I have hard to manage curly hair. L'Oreal makes it soft and unfrizzy. Their hair gel doesn't even feel thick like most hair gels and doesn't make my hair stiff or flaky. Quite willing to pay the higher price tag, since most shampoos and conditioners leave my hair feeling dry or filmy.

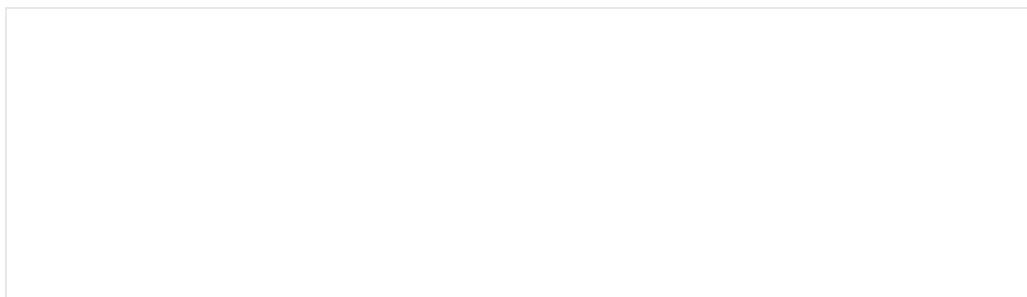

I LOVE THIS PRODUCT!!!★★★★★

Forget wasting money on products that don't work (I know I've done my share of that!). This is one of those conditioners that will actually deliver for a change. The smell is wonderful and it leaves your hair silky smooth. Yes, it's a little pricey but it's worth it for the results. You will not be disappointed with this one!!!

Customer Reviews:

Curls not Frizz★★★★★

I have very frizzy hair. Using enough of this product on wet hair does the trick. I also add Alba Organic Body Oil to the mix. 1/3 Alba and 2/3 Jane Carter. This is even better and you need less solution. I also hardly every wash my hair, just rinse it real well every day. This is the first product I have used (in combination with alba) that does not leave my hair stiff, keeps a shine, and gets rid of frizz.

The best for fine hair!★★★★★

I did not like this “gel” at first; it is very runny and I did not use enough to see any difference. I dug it out and tried it again but used a generous portion and WOW! NO frizz, lots of curl, body, hold and shine! I really like how I could scrunch my hair when dry and got NO frizz! This is the best plastic-free silicone-free styling product.

Wash ... Moisturize ... Set ... Hold!★★★★★

And “Hold” it does without any residue! My non-relaxed hair is “stylin” with a head full of non-kinky ringlets that lengthen over time ... still looking great after seven days! I remain a huge JC fan ... how else to say “thank you” for a product line that works. Just wish she'd develop a heavy CREAM CONDITIONER ... a moisturizing glob of goo that will strengthen our hair!
