Nourish & Shine !

Retail Price - \$22.00

What I can say is that I do not regret my purchase! This stuff is Amazingggggggggggggggg !!! I was able to use it a couple of times before I put in my protective style and my hair felt so smooth and soft! I kept touching it all day. It does give a slight hold but I wouldn't count on it like I would a gel or any type of other hold. The way I used it was on 2nd day hair to smooth down my edges on my wash n' go! Loved it! My hair was EATING IT UP! ...

Since I've had my hair hidden for a while I've started using this product on my face. Again I got amazing results! I make sure that I wash my face with an astringent then sp lace water on my face and towel dry. Once it's dry I then apply the Nourish and shine and smooth it in. You don't need alot of it because a tiny piece goes a long way. It doesn't leave your face looking greasy like oil does. It gives your face a nice glow and shine to look refreshed. This is a great product because you can use it on your skin and also your hair. I do not regret purchasing it and i'll put all the
